## CUI Global bolsters liquidity with new \$10 million credit facility

CUI Global (NASDAQ:CUI) told investors Monday that it has closed on a two-year revolving line of credit facility of up to \$10 million with Bank of America Merrill Lynch.

The new facility replaces the energy company's existing \$5 million overdraft facilities with more favorable terms.

CUI Global boasts two flagship energy products. The first is its GasPT platform, which has a revolutionary method of almost instantly and accurately determining the quality of natural gas.

The company's second-leading product is its VE technology, which employs specialized sampling probes to take smaller, more consistent and cleaner gas samples.
