Prodigy Gold advancing Tanami portfolio in parallel thanks to partnership approach

Prodigy Gold NL (ASX:PRX) managing director Matt Briggs speaks to Proactive Investors about the company's approximately 35,000 square kilometre greenfields and brownfields exploration portfolio in the Tanami Gold district of Australia's Northern Territory. Some of the company's more advanced projects are under joint venture with big name partners.

"Our forte is that discovery through to PFS [stage] in the team that I've put together. Beyond that we would like to clone what Gold Road has successfully done and what Independence have done on the Tropicana deposit; and bring in the people who are going to operate the mine, partner with them to take on some of the risk, while we move on to make the next major discovery in the Tanami. And keep repeating that," Briggs says.
