Economics looking favourable at St George Mining's 'phenomenal' nickel sulphide project

John Prineas, executive chairman of St George Mining Ltd (ASX:SGQ), spoke to Proactive London's Andrew Scott while in the City for LME Week 2018.

"We're currently drilling at the Investigators prospect which has a 1.5km strike ... we have massive nickel sulphides all along that strike, it's not perfectly continuous but that's what we're trying to do now ... drill out that area".

The Cathedrals, Investigators and Stricklands nickel-copper-cobalt-PGE discoveries are on an exploration licence held in joint venture by St George and Western Areas Ltd (ASX:WSA).

St George has 75% of the JV and is its project manager.
